5.About The PEERS

The PEERS Education system is founded to assure the best quality education in the city. We assure our students to prov de unparalleled evel of education and learning in the city. Our target is to atta n international level system of education to make the students able to excel in every field parallel to modern and developed world. We promise to take you along through the journey of education and vow to make you ab e to reach the desired destination of success.

The PEERS believe that strong foundations always provide a strong building. So, we are working successfully to lay a strong foundation of education from the very beginning stages of school. Our motto is to contribute to the development of our country and nation through the knowledge and train ng which we are provided to our learners.

6.We are committed to.....

01 Provide what the world demands in the field of education

02 Serve the nation in real sense through quality education with no- compromise.

03 Make our students able to compete with any and every learner within the country and world.

04 Conceptualize the learning of the students and keeping them away from parrot learning.

05 Create practicality among the students, because we take theory and experiments parallel.

06 Prove the real meanings of education through hard work and struggles.

07 Be the educationist and feel proud for being educationist because we matter to the world.

08 Prepare the present generation for the future of our homeland.

7.Pre- learners (Montessori):

For a kid who enters the school for the first time we believe that the first and earlier step decided the final and concluding step. So, we are working to create environment which captivates the kid and set it on the way to future. Knowing the nature of kids, we provide such facilities as are helpful to attract and motivate the learners and never let them run away from their studies and learnings.

i- Game Based Learning:

To create the charm in education for a pre-learner we believe and use the methodologies which are game-based. In this way enjoying and earn ng go parallel and the ultimate goa of learning is achieved.

ii- Friendly Environment:

Environment is an important factor for any work to be qua itative. We offer students friendly environment to keep them easy and interested in their task. All the essential facilities are available to hinder any kind of disturbance.

iii- Fully-Trained Staff:

For pre-learners fully trained professiona teaching staff is available. As we believe that pre-learners re at the most importance stage of learning so, there is no compromise from our staff regarding the quality of services and every step of learners.

iv- Class Room Setting:

Our class rooms, particularly for Pre-learners are purpose build. Whenever the sight shift, there is learning in one way or the other. Class rooms are set exactly according to international standard, learning no scarcity to provide well-rounded opportunity for learners.

v- Mutual Learning:

We also promote a sense of mutual learning among the learners to make them suitable and successful team-members for the rest of their life. It is is one of the best ways to inculcate and enhance the level of learning.

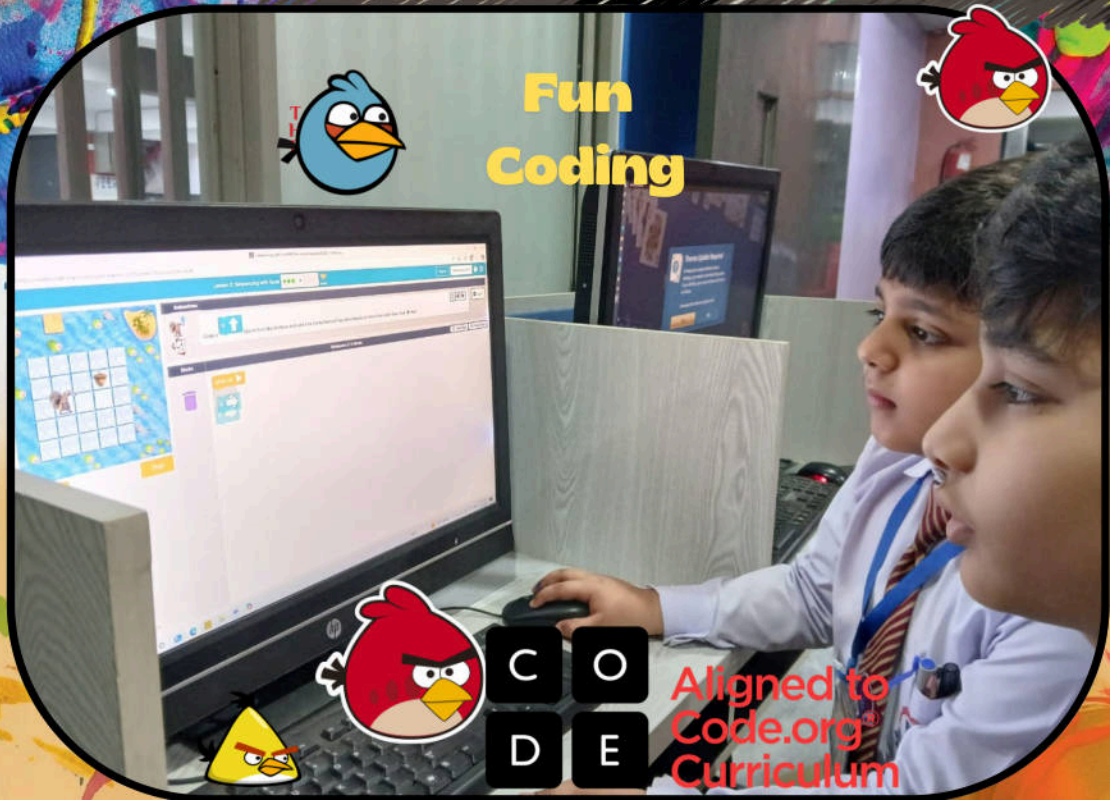

STEAM

Child-Friendly Environment in both the setting and teaching is our priority.We believe that such an environment can lead a student to be an educationaland knowledge friendly.

8.Junior Section

Once passed through the filters of pree- learners or Montessori,t he students are ready to be polished. At this stage,we try to mould them toward practicality At every level, the students are motivated to utilize the theoretical knowledge for practical work.This platform creates a sense of confidence and self- respect. Again at this level, all the modern and the latest techniques and facilities are kept in mind. Reading, writing, learning, analysis and implementing the knowledge is completely promoted here.

9.Senior section

We offer separate campuses for boys and girls at this level .students are prepared according to relevant board's pattern and contemporary setting. An advance preparation for future is kept in mind. Different activities are held and arranged to promote the learning and to make the learners able to complete in different curricular and co-curricular activities.

10. Co- Curricular & Extracurricular Activities:

We believe that these activities help students to develop problem-solving, reason ng, critical thinking, creative thinking, communication, and collaborative abilities. Therefore, we have properly managed and arranged such activities according to student's health and age group.

i. Sports:

Indoor sports include cricket, badminton, table tennis, basketball. Aspirant and interested students are also taken to participate in different out door games. Experienced and professional sportsman are always available to guide and support the students at any level.

ii. Swimming:
